

Finely restored bedrooms, some with hydro-massage bathtub and all with air conditioning. Realized to combine the pleasure of modern comforts together with the respect for tradition.

There is a large reading room with fireplace, a small library and internet point available to the guests.

The inn is an ideal base for various excursions which can be done in this area (excellent road connections): from the Temples of Paestum to the crystal clear sea of Cilento Coast (40 min.) with its 8 blue flags, to the uncontaminated Cilento Park (40 min.) to the spa thermal swimming pools of Contursi (20 min.) to the Amalfi Coast and the caves of Pertosa, the Certosa of Padula and Pompei (40 min).
